The Two Big Stores and Sales Stables of

Clark & Patrick

are full of the most desirable of offerings to a discriminating trading public. Our stocks are large and well selected; they are fresh and clean; especially do we call attention to our line of hardware, which is a fine and complete stock of the very latest things in hardware. This is the season when tools are needed, and we offer you the World's Best "DIAMOND EDGE." None are so reliable.

KANT-BE-BEAT CLOTHING is in a class to itself; it is low enough in price to appeal to your pocket-book, while it is high enough in quality to be what you want to buy, and every garment will please as time rolls on; the styles are up-to-date.

IN SHOES we handle exclusively, the famous "Peters Diamond Brand" for Men, Women and Children. Our leaders are CORKER shoes for boys, the sort that stands the wear. CHAMPION for men, RINGER for children, and DIAMOND SPECIAL for ladies; they are all honestly made, of good leather, and they are just what we say they are when you buy them.

OUR SALE STABLE carries a nice line of FLORENCE WAGONS, the steady dependable sort, made like the old time wagons, to last and run easy, and the celebrated CARMICHAEL Buggies, made of second growth hickory. We can serve you well on a buy or trade.

We want to please you, and we will do it if you want good values, close prices and fair treatment. Come to see us.

We buy cotton and sell fertilizers.

CLARK & PATRICK,

West Side Square, Elba, Alabama.

THE ELBA CLIPPER.

TWICE-A-WEEK.

VOL. XIV. ELBA, ALABAMA TUESDAY, FEBRUARY 28, 1911. No 72

ARE THERE BLIND TIGERS IN ELBA?

They Say Yes--Blind Tigers or Barrooms.

One week ago The Clipper asked the question: "Are there Blind Tigers in Elba?" This question provoked much comment and some answers in the affirmative have been made. One man from the country, for instance, says Elba has nine barrooms and that he has no trouble in buying his whiskey here. Another man from a different section of the country, says: "Yes, they are here."

Citizens of Elba, is this true? If so, is it not time for us to wake up, and as law-abiding citizens, demand that our laws be enforced?

We are persuaded that there are not many people in Elba who would wink at the flagrant disregard of the law Elba has maintained the reputation of being a law-abiding and law-enforcing people. It has enjoyed the reputation of having no blind tigers until recently.

Will Elba's good citizenship stand for the tramping under foot, by negroes, our prohibition law? We say no. No negro should be allowed to live in Elba and run a blind tiger or unlawful bar room. And we say that a white man who will do this is worse than a negro doing a like unlawful and disgraceful business. He does not deserve the respect of decent people. Why should it be charged by anyone that there are nine-barrooms in Elba? Who is at fault for this condition? We are not jumping on our officers at all, but we are appealing to them along with the good, law-abiding, moral and christian citizens of Elba, to investigate the matter. Blind tigers should be, and must be put out of Elba. To do this, the officers of our town and county, let the encouragement and co-operation of the good citizens. Let us do our duty at once. We wait to see what will be done.

White Slave Traffic.

Senator Allen is after those who are in the white slave traffic and has introduced a bill in the senate which defines and prohibits that traffic in Alabama.

Nearly every state in the union has taken some steps in this direction and Alabama should do the same. While this state has only a few large cities, there is no telling what is going on in the underworld. This traffic may be going on and is not known. If it is then there should be a law to catch the guilty one. If it isn't going on, then there should be a law to stop it, if possible.

The conditions existing in some of the larger cities of the country have been exceedingly revolting. No one had any idea that such a thing could go on and on for years without being discovered, but it did. Young girls were brought to the cities under false promises and lured to houses of questionable character, where they were detained against their will. Let not such conditions exist in Alabama.—Montgomery Journal.

Mr. M. S. Carmichael has withdrawn from the editorial chair of the Elba Clipper, and in future this bright little semi-weekly will be published by Feller & Carnely.—Geneva County Reaper.

Canada Puts Ban On Negroes.

Winnipeg Mon, Feb. 25.—Negroes, henceforth, are undesirable citizens in Canada. The Dominion government has decided to stop the further immigration of blacks from the United States to Canada. One party, which intended to go to Western Canada, were stopped and turned back at the boundary today.

County Won Suit.

The County won the suit last Friday in Circuit court at Enterprise, in which D. P. Goodson, Admr. of Wm. H. Goodson, was plaintiff. Attorneys C. W. Simmons and H. L. Martin represented the plaintiff, and attorneys Riley & Carmichael, J. F. Sanders and O. C. Doster, Jr., represented the county.

Good Roads for Coffee.

The one great need of the people of Coffee is good roads. Nothing would contribute more to the development and upbuilding of the county than would good roads, the farmers want good roads. They would double the value of their farm lands, diminish the cost of marketing their crops, and economize expense of stock and vehicles, to say nothing of the genuine pleasure of traveling them. Of course we want good roads, and we hope to see some steps taken by our county commissioners to build them.

Accidentally Shot.

Johnny Iman, 13 year old son of Mr. Joe Iman, who lives in Northeast Coffee near Johnson's bridge, happened to the misfortune to get his right hand shot, and had to have it amputated last Tuesday night. He was out bird hunting and set the gun down on the ground with his hand on the muzzle when it discharged, the lead passing through his hand.

Boys should handle guns with great care.

Meeting of the L. L. L.

Friday afternoon at 3:30 o'clock the L. L. L. Club met and was delightfully entertained at the home of Miss Zedie Rowe. The guests were received with characteristic grace and charm by the hostess, and after enjoying several games of progressive whist dominoes, a delicious course luncheon was served.

As it was time for the election of new officers, a business meeting was called and the following officers were elected:

Miss Zedie Rowe, re-elected president, Miss Ethel Farris, vice-president, Miss Sue Rainer, secretary, Miss Fannie Harper, treasurer, Miss Ada Law, society editor.

The next meeting will be with Miss Pearl Hutchison.

St. Louis is Selected For Next Meeting.

Mobile, Feb. 25.—The fourth meeting, department of superintendence, of the National Educational Association in the Lyric Theatre yesterday morning was spirited and lengthy, characterized by the selection of St. Louis as the 1912 convention city, sharp debates on suggested grammatical or philological changes, and three notable addresses on "Our Educational Advance and Improvement Over Past," in relation to the city, state and nation.

Eight hundred were present, including delegates and local people interested in the proceedings.

Wilson-Marler.

At the home of Mrs. Tom Marler, in Beat Three, Sunday afternoon, Mr. Joe Wilson, one of our popular sewing machine men, and Miss Dessie Marler were married, Judge S. N. Rowe officiating. Quite a number of friends and relatives of the contracting parties were present. The bride is decidedly popular in the north-west part of the county where she has lived all of her life. The Clipper joins their many friends in extending congratulations.

POOR ORIGINAL BLEED THROUGH

## BOLD HOLD-UP ON SOUTHERN ROAD

Georgia Bandits Work in the True Western Style.

OBTAINED ABOUT \$14,000.

Repeated Attempts Were Made to Dynamite the Large Safe in the Express Car, in Which was \$60,000.

Disappearing as completely as if the earth had swallowed them up, not a trace has been discovered of five bandits who, in real wild west style, held up the Southern railway's fast mail, No. 36, near White Sulphur Springs, Ga., Saturday morning at 2:15, dynamited and robbed the express car of \$14,000 in cash. More than \$60,000 in currency and gold remained in another safe in the express car unharmed.

While clipping of the miles at a pretty fair rate of speed Engineer Pant had just settled in his seat to make up several minutes' lost time when he suddenly saw a red signal ahead. He slowed down the train, and upon approaching the signal, noted that a man was swinging a lantern. Supposing that some track obstruction had been discovered, he brought his train to a dead stop. Mounting the cab without ceremony, and quietly, two masked men "covered" Engineer Pant and Fireman Rufus Johnson. Engineer Pant was marched back to the express car, and was ordered to carry a shovel. The fireman was told to run. He ran the train while the two men who had the engineer "covered" opened the door to the express compartment of the back to hold up his hands. Miller obeyed after the bandits gave him to understand their meant business.

Conductor Mooney thought the whole affair was a practical joke, and handled one of the robbers roughly. He was soon convinced, however, by the persuasive presence of a dangerous looking gun that he was face to face with the real thing.

After working for ten minutes, and after making three unsuccessful attempts to dynamite the larger safe in the car, the men turned their attention to the smaller safe. They quickly effected entrance to its contents, and secured about \$700 in currency, gold and silver. Probably alarmed by the explosions set off in the effort to break the larger safe, the bandits allowed the train crew to take their places on the train, and they disappeared in the woods.

A reward of \$100 each has been offered by Governor Brown for their capture.

Bandits Secured \$14,000. Information received later is to the effect that one of the packages taken from the express car safe contained \$14,000.

In addition to this, a quantity of foreign money, the amount of which is not stated, also is missing. Several foreign silver pieces were found on the ground shortly after the robbery, and these are believed to have been in the missing package.

### AMOS H. ALLEN DEAD.

Yielded to Pneumonia in Washington After an Illness of Several Days. Representative Amos H. Allen, of Maine, died of pneumonia at his apartment at Washington, following several days' illness.

His daughter, Miss Laura E. Allen, of Alfred, Maine, and son, Dr. Edward G. Allen, of Boston, were with him when he died. His body will be taken to his home at Alfred, Maine, for burial. Representative Allen was born in Maine, March 17, 1857. He was private secretary to Speaker Thomas B. Reed, in the 51st, 54th and 55th congresses and was elected to the 56th congress November 4, 1899 to fill the vacancy caused by the resignation of Speaker Reed. He had served continuously since.

### ROSS COX INDICTED.

Perjury Charged to Republican Rule of Cincinnati.

George B. Cox, for years head of the republican organization in Cincinnati, a prominent factor in state and national politics, president of the Cincinnati Trust Company, and known widely in the theatrical circles because of his interest in that field, was indicted by the Hamilton county grand jury on a charge of perjury.

The basis of the charge is that Cox testified falsely before a grand jury on March 10, 1906, in denying he had received part of the interest money which several banks, according to disclosures before the Drake investigating committee, paid to county treasurers as recompense for the deposit of county funds in these banks.

### YOUTH SLAYS SELF.

John Williams Shoots Himself Through Head in Macon, Ga., Hotel. John Williams, a young white man, hardly 30 years of age, went to the Exchange hotel and shot himself in the head with a revolver.

Death was instantaneous. Indications are that he came to the place with intention of ending his life. Coroner Young took the case in charge to make an investigation. The dead man had followed show about the country for recent employment.

### SENATOR NORRIS BROWN.

Nebraska Opposed to Giving Seat in Senate to Lorimer.

By Harrie & Ewing.

### MANY FUNERAL PYRES.

Torch Applied to Dead Bodies in Plague District.

A Peking, China, dispatch says: There is a noticeable activity on the part of the Chinese government to stay the spread of the plague, and sanitary measures are being strictly enforced in all the towns where a few weeks ago the disease was allowed full sway unimpeded.

Instructions have been issued that every village burn its dead. The panic and fear of the plague have overridden the Chinese superstition against cremation of the bodies of the victims, and now almost daily the torch is applied to piles of hastily constructed coffins, among which are often seen bodies wrapped only in shrouds.

In the town of Kwang Chang Tse, near the Manchurian railway, where the daily death list has numbered a hundred or more, masked men go about with shovels and pick up the bodies lying in the streets, where they have been placed by relatives. The shovels transport them to the west gate, and from there they are removed in carts to the cremation grounds.

### WAR CLAIMS BILL HAS PASSED HOUSE

But It Caused a Three-days' Filibuster.

### HOUSE ADOPTED "GAG RULE."

Suspension of All Rules Has Been Ordered for Rest of Session by the Committee on Rules.

The three days' filibuster upon the omnibus claims bill containing many Georgia items was brought to an end Monday when the house adopted a "gag rule" suspending all rules for the remainder of the session and necessitating the passage of six big appropriation bills under such suspension by a two-thirds vote and practically without debate.

The Democrats, who had fought for the omnibus claims measure, agreed to the adoption of the special rule because it gives the minority the veto power over all legislation until March 4.

Under a suspension of the rules the house then proceeded to pass the omnibus bill, in which the Democrats and a number of Republicans were interested, but which could not come to a vote heretofore because of the filibuster first conducted by Mr. Mann, of Illinois, who was later reinforced by Representatives Gardner and Roberts of Massachusetts, and Bennett, of New York.

Mr. Mann took but a passive interest in the filibuster after he succeeded in striking from the bill the French spoliation claims. These, however, were the very claims in which Bennett, Gardner and Roberts were interested, and they renewed the filibuster. It would have been in progress yet, but for the "Gag Rule" adopted.

### HOBSON PREDICTS WAR.

Alabama Congressman Believes Japan and U. S. Will Clash.

Representative Hobson, of Alabama, during his speech on the naval bill at the United States and Japan within three months. He declared that Japan had succeeded in financially preparing for war and that the United States would be forced to make it a long drawn out exhausting struggle with probable disaster to its ultimate result. The resolutions were made in the course of his advocacy of fortifying the Panama canal.

### RAWN'S WIDOW SUES.

Ten Concerns Withheld Money on Ae

Suits aggregating \$275,000 were filed against ten life insurance companies by Mrs. Florence Willis Rawn, widow of the late Ira G. Rawn, president of the Monon railroad and former official of the Illinois Central railroad, in the circuit court at Chicago. The suits were filed to recover insurance policies on Rawn's life, the payments on which are said to have been withheld because of suit claims in them.

### WAS SOLDIER OF FORTUNE

John Boyd, Hero of Crimean War, and British Writer Dies in Huntsville.

John Boyd, chief editorial writer of the American Journal and Weekly Mercury, of Huntsville, Ala., and for many years connected with the staffs of many newspapers in the east and north, died in that city, after a brief illness.

Mr. Boyd was about 75 years old and leaves a widow. Mr. Boyd was born in Ireland and in early life entered the British army.

He fought in the Crimean war and in the campaign in India that suppressed the Sepoy rebellion. He was a soldier in the column that cut its way through millions of Senoy's to the relief of Lucknow, and his descriptive writings of that campaign, appearing in the Liverpool Gazette a short time later, attracted much attention.

As a staff correspondent of the Liverpool paper, he came to America and was so charmed with this country that he remained and took up journalistic work in the large cities of the east. Thirty years ago he was with the Cincinnati Enquirer, later with the Republican Banner in Nashville and then came to Huntsville and became a member of the staff of the Daily Mercury.

His writings covered a wide range of subjects and his knowledge of politics and history was apparently unlimited.
